Subscriptions & paid Tiers

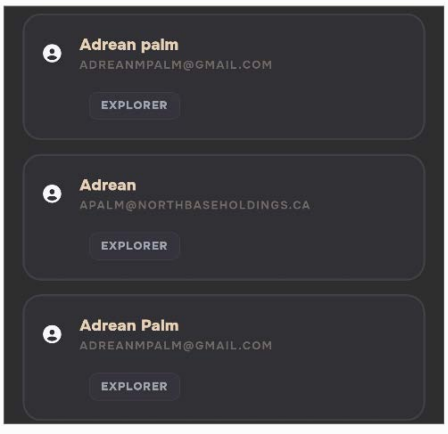

Location set to Kindersley

Not calculating tax for either pioneer or trusted host

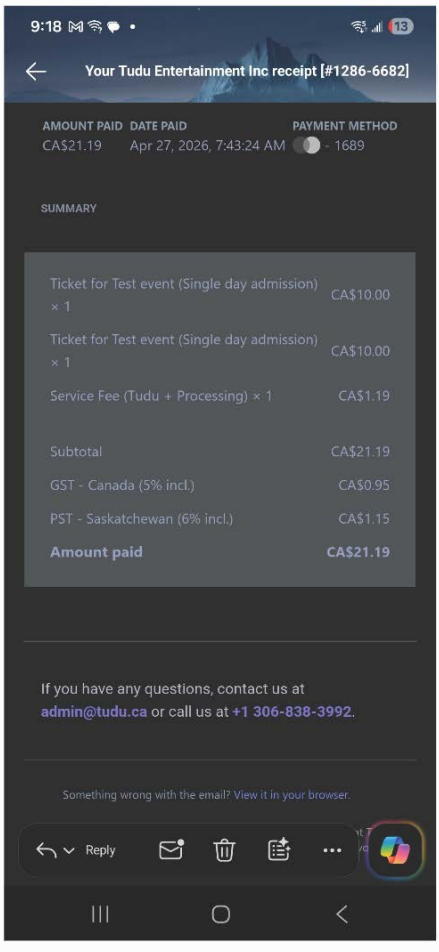

1)Where does it pull tax location from?

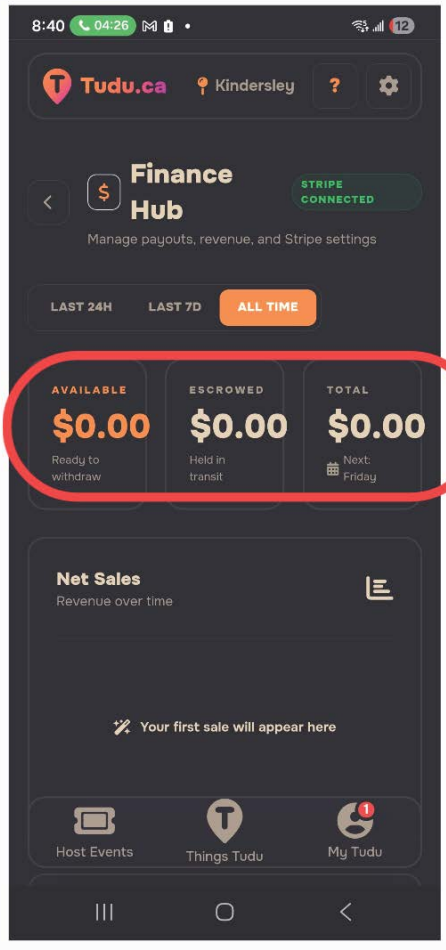

1) filled out postal code and did not add tax.

2) Subscribed to monthly pioneer (Withdrew funds $24. 99 from credit card) Cleared cache but it did not upgrade me. (had to upgrade manual to continue testing.}

Purchasing Ticketing

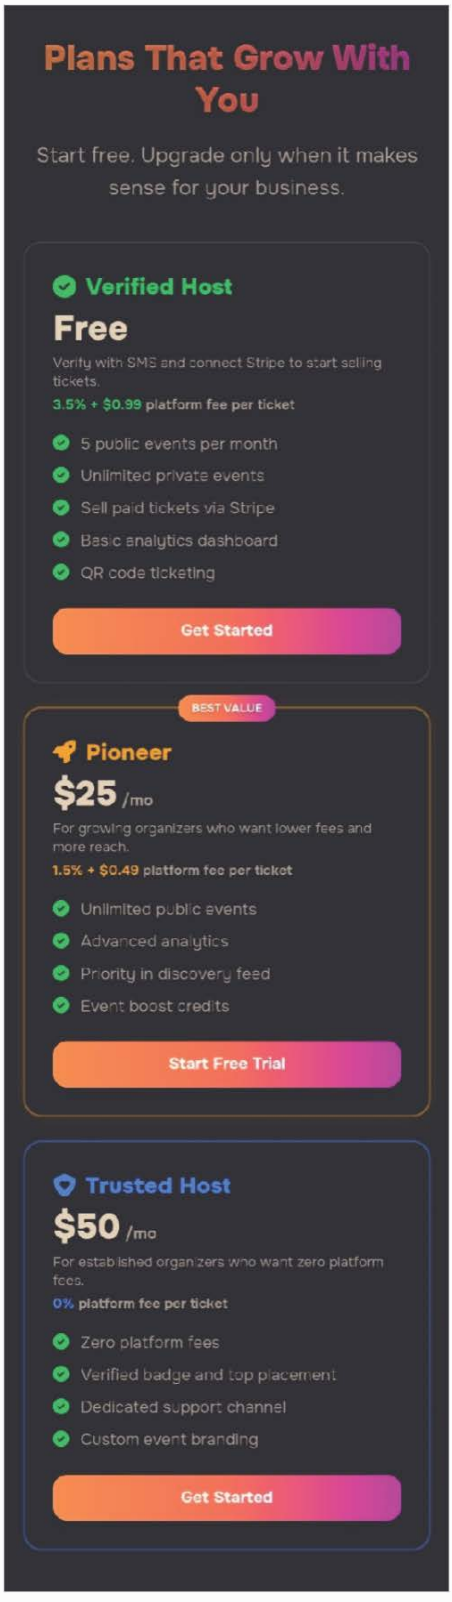

Font is to large

1) Tickets do not show up up as purchased in MY TUDU.

2) ticket prices should be exclusive of taxes and fees it leaving a negative balance in stripe.

3) withdrew money but did not issue ticket.

Hidden gem

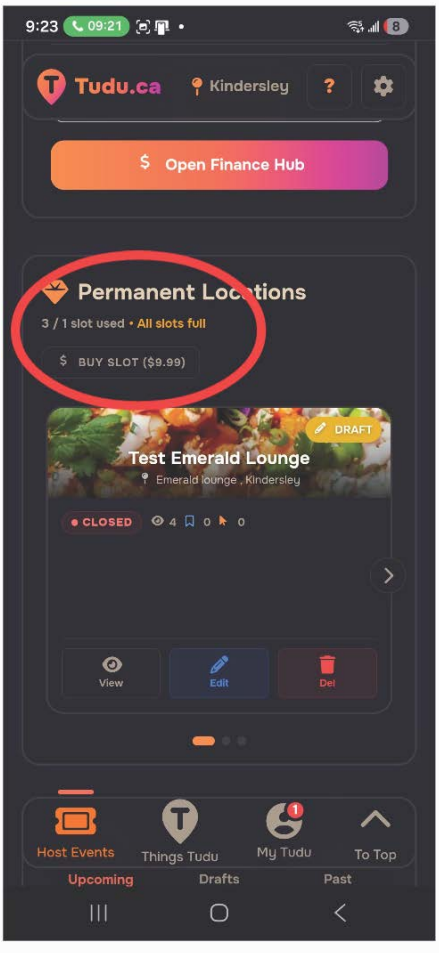

1) hitting add slot and created drafts

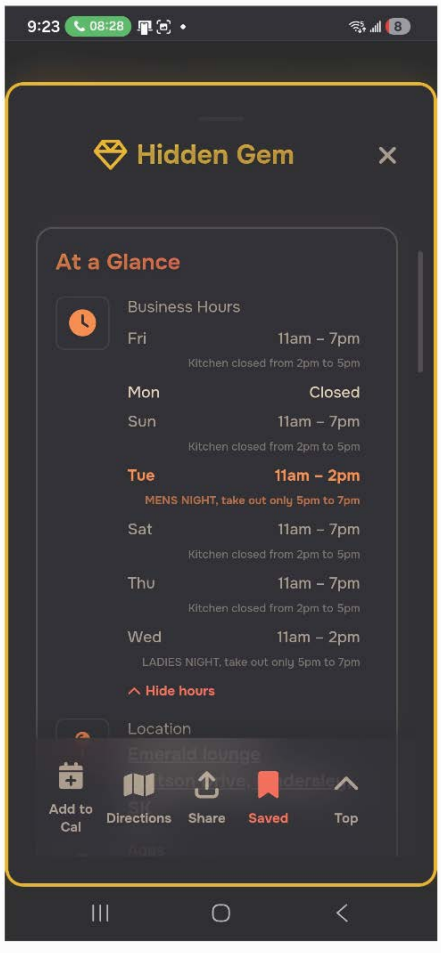

2)Hidden gems don't delete, deleted and closed out and they were back

3) Hidden gem pricing for pioneer will be more for first one

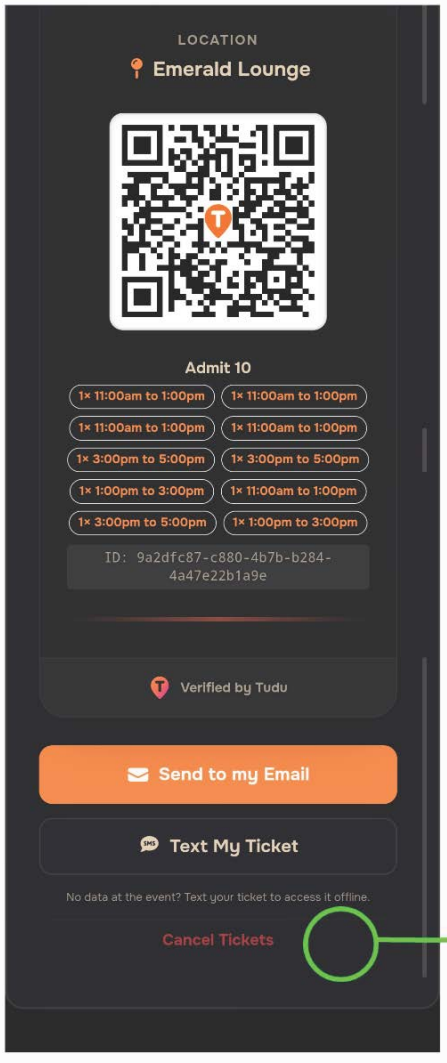

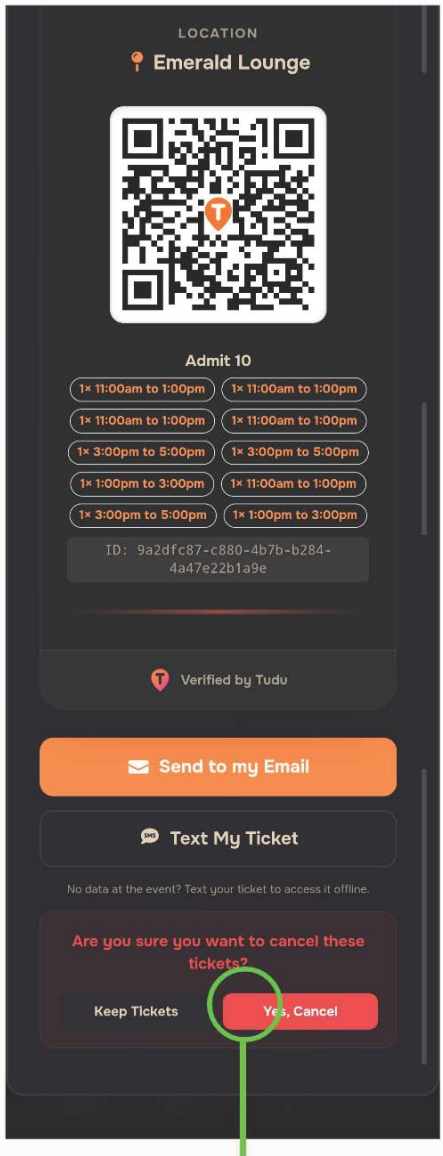

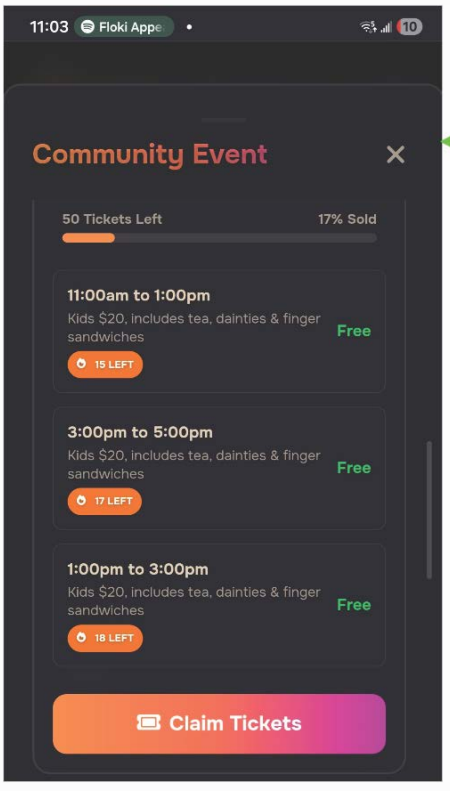

Dates are all messed up

Canceling tickets

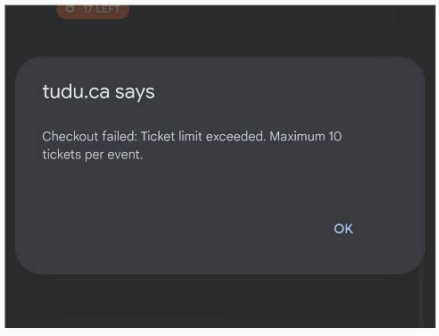

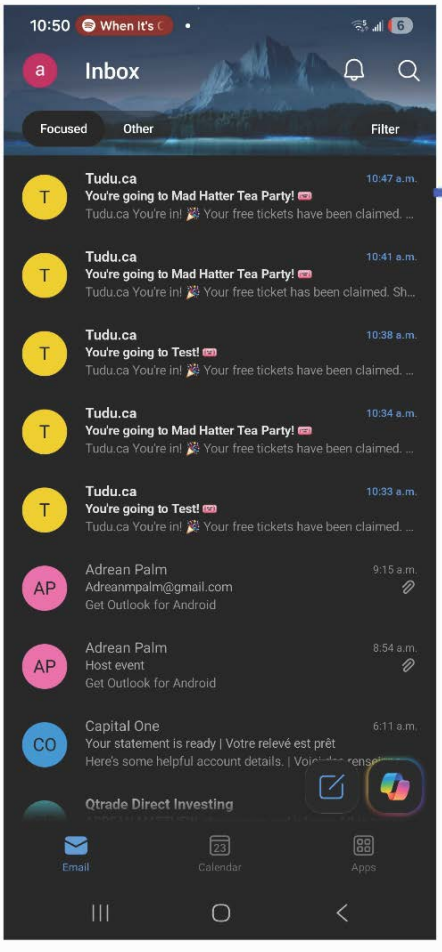

Canceling free tickets removes tickets from my tudu but does not restore the tickets, to the hosts ticket pool

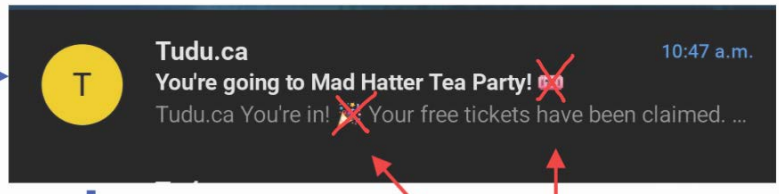

1) Does not send email confirmation on canceled tickets.
2) Does not leave a message in inbox.
3) Host is not notified of canceled tickets.

Does not erase history of previous purchased tickets

Email confirmations

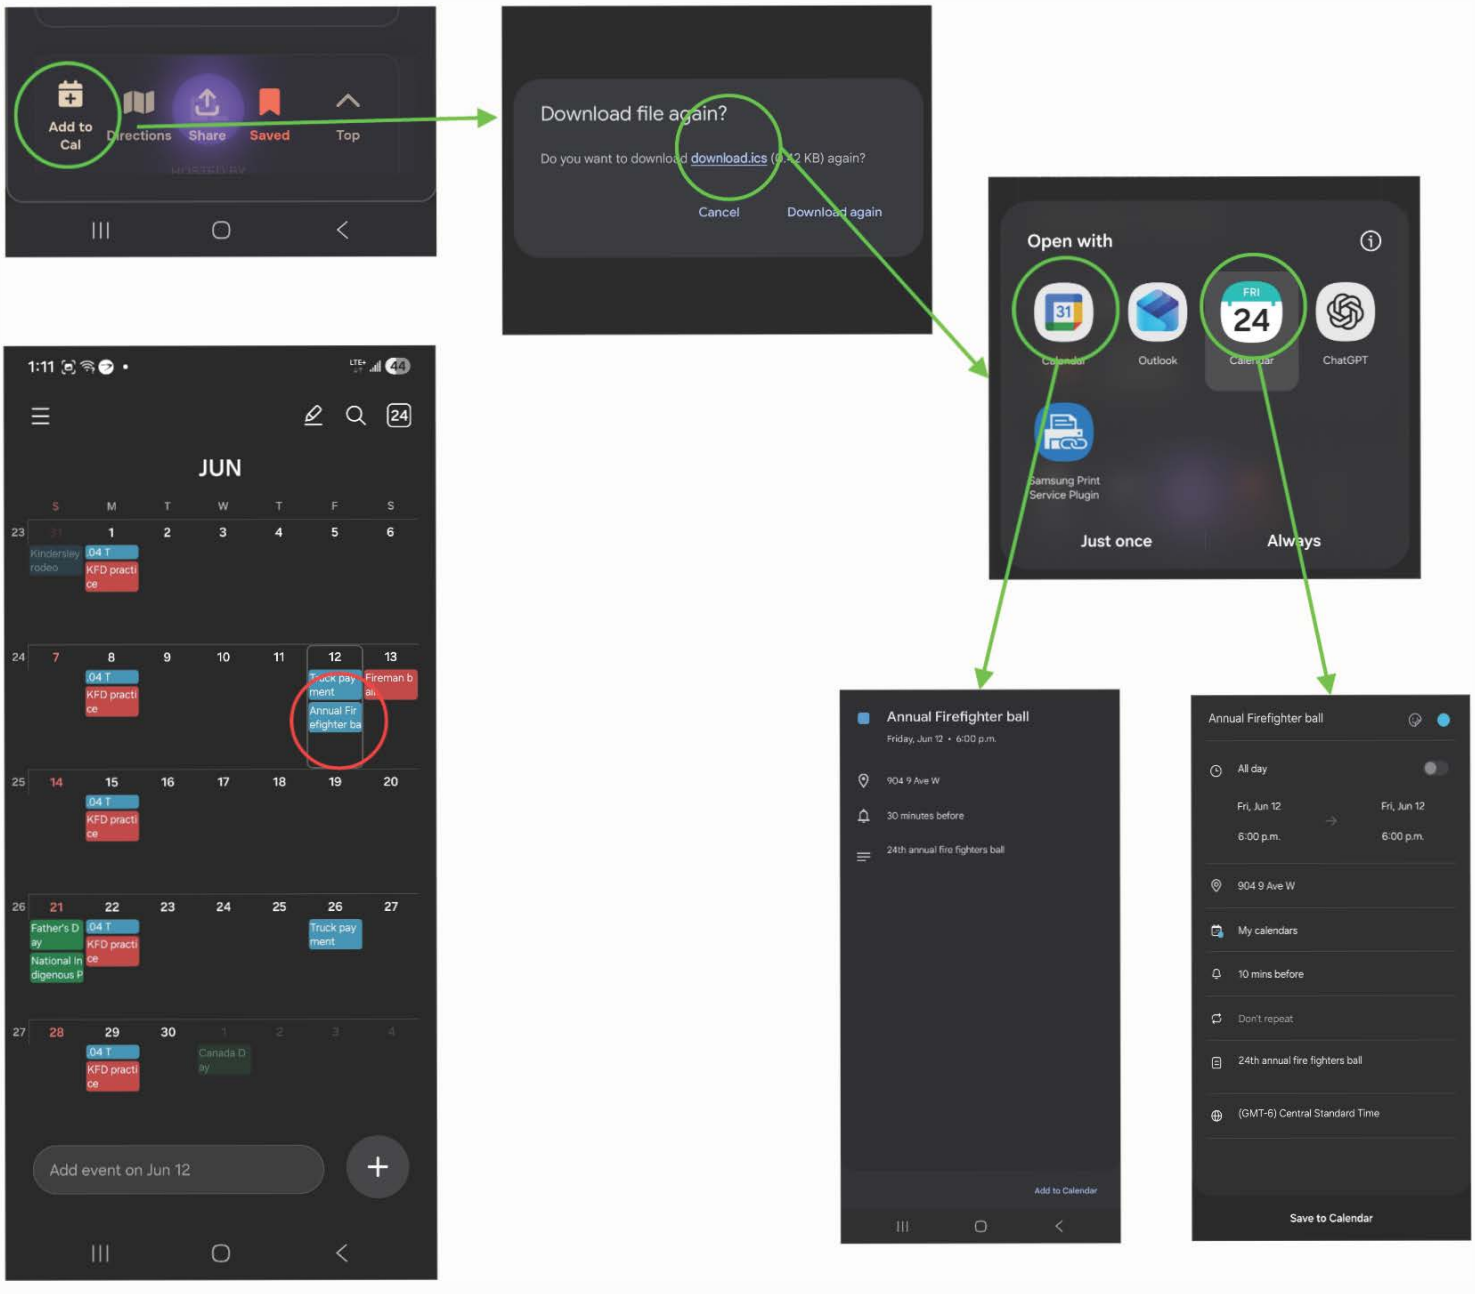

Remove emoji

Date is missing on free ticket conformation, cost

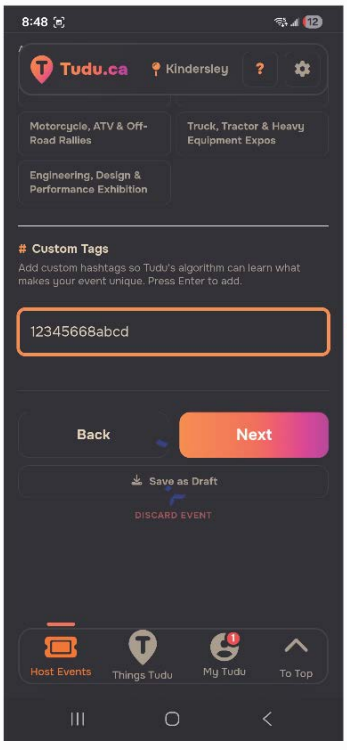

Add to calander

1) Calender seems to always pull an old calender event

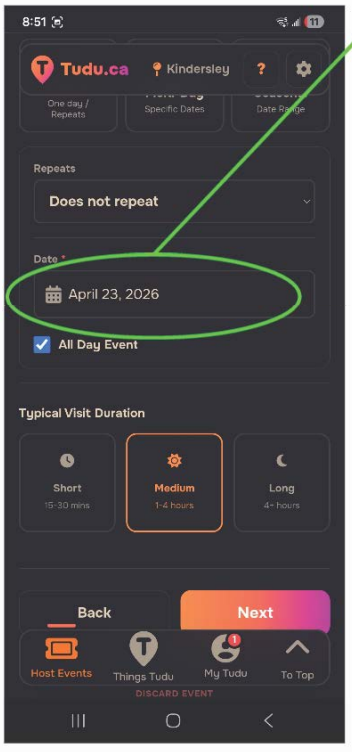

2) Any event tried to save to calendar does not save as correct event
