Ticket scanner

Windows pops up with access denied

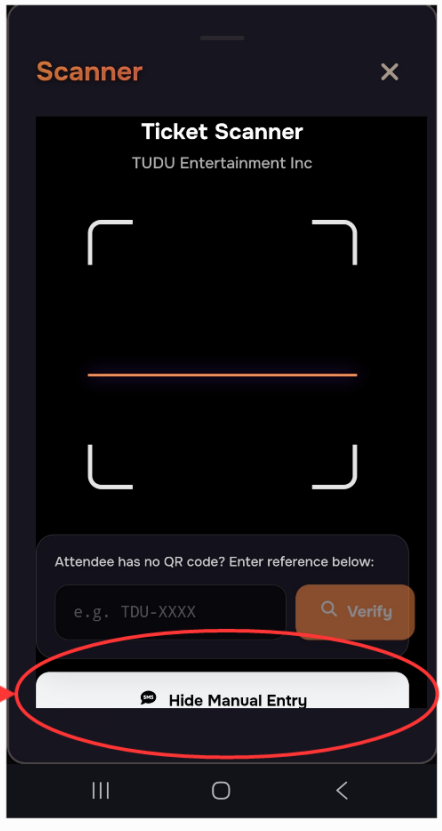

Scanner is not working and leaves a black screen

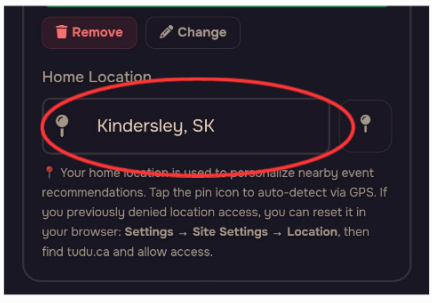

No permissions denied

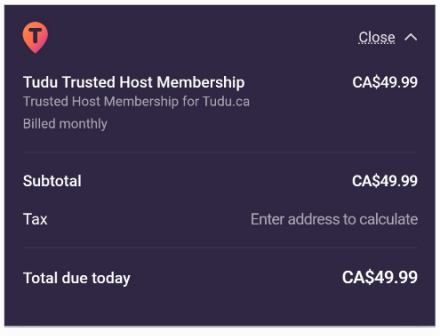

Button is half hidden

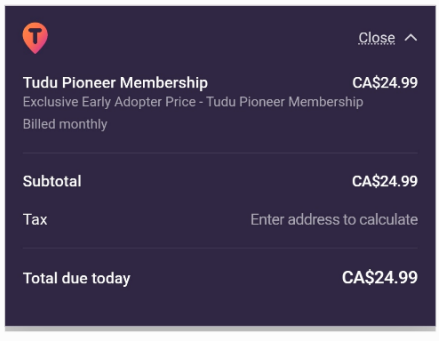

Subscriptions & paid Tiers

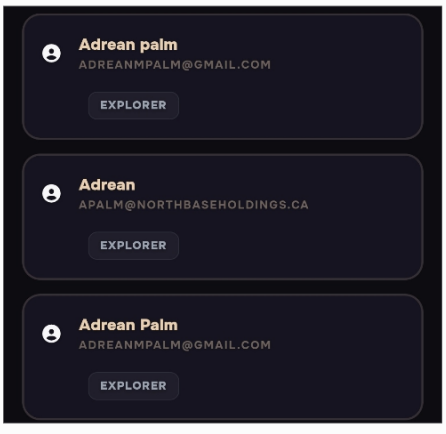

Location set to Kindersley

Not calculating tax for either pioneer or trusted host

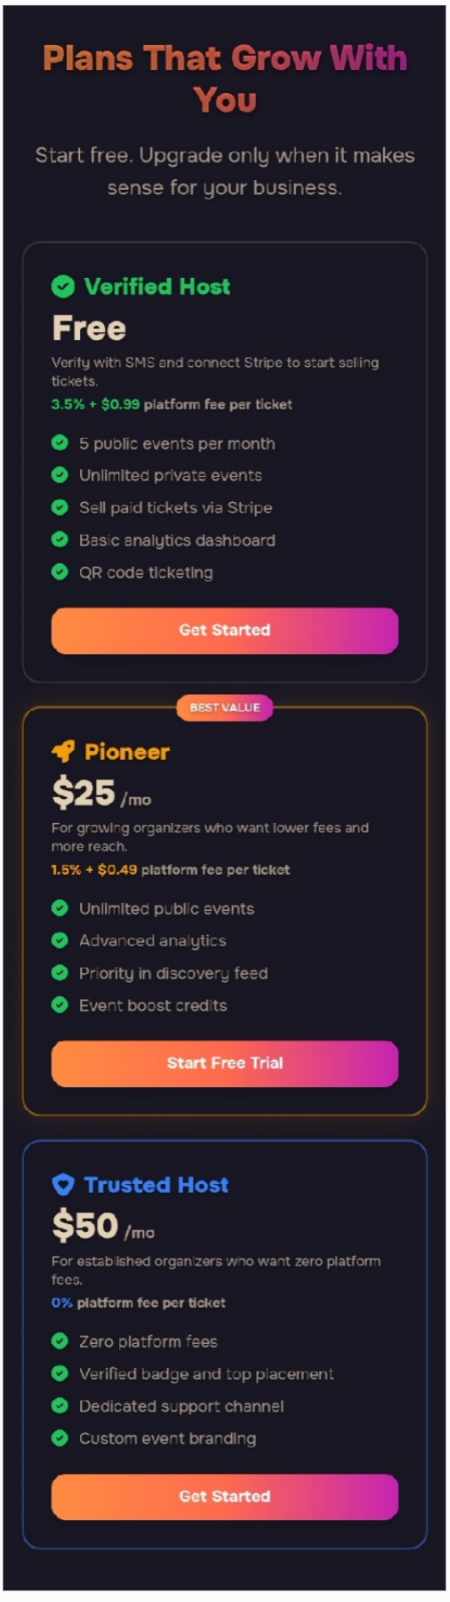

1)Where does it pull tax location from ?

1) filled out postal code and did not add tax.

2) Subscribed to monthly pioneer (Withdrew funds $24.99 from credit card) Cleared cache but it did not upgrade me
